

Nathan Chapman Memorial Trail

This map and informational signs were developed by Carl Spencer for his Eagle Scout Project 2007-2008.

Carl Spencer, 17 of Puyallup, spent many hours this past year working on his Eagle Scout project, which is an Eagle Scout requirement. Carl decided to do a project at the Nathan Chapman Memorial Trail that would include creating and installing plant species and trail informational signs.

Carl, a member of Boy Scout Troop No. 585, oversaw every detail of this project from identifying plant species, measuring trail segments, and constructing the signs, to seeking donations and addressing problems as they arose.

Special thanks to Boy Scout Troop No. 585 for their hard work and to Lumbermen's Pro Build for generously donating the material

As a culmination of Carl's hard work and planning, Pierce County Parks and Recreation Services are pleased to provide these plant and informational signs along the Nathan Chapman Memorial Trail.
